All Federation Rules for soccer apply including:

Substitutions will occur on your own teams throw in, either on a goal kick or corner kick. Players MUST report to the mid field line and be called in BY the official.

Offside: When a player is closer to an opponent's goal line than the ball is, unless the player is on their own half of the field. Offside is determined by the player's position at the moment of the pass, not at the moment they receive the pass. The best position to see off sides is running parallel with the front offense player while watching the ball.

Stop in Play: The game will not be stopped due to minor injury – the play must continue until there is a whistle or no advantage is being gained on the field. The game will stop for serious injuries or if the injured party is in imminent danger. Safety is one of the recreation department top priorities and at no time will put a child at risk.

Hand ball: A handball is a DELIBERATE handling of the ball by the non-goal keeper. A hand ball foul should not be called if: (1) a player is instinctively trying to protect himself from injury or (2) the player did not deliberately touch the ball but the ball hit his arm & he did not move the arm toward the ball (however, if the player's arms were in an unnatural position such as above his shoulders or sticking out to the sides, then he should be called for a handball).

PLEASE NOTE: *Some calls are made or not made by determining the advantage or no advantage gained during a play- the volunteer referee will determine this quickly and make the call or no call.*

The CODE OF CONDUCT will be enforced during all game and practice situations. During an event, if there is a violation of the code of conduct, the violator will be warned or may be asked to leave the facility. There is a no tolerance policy for question officials calls. This will be strictly enforced by officials and MRD staff.
